

FLEXIBLE FAST TRACK BUSINESS ORDER (CANADA)

New Independent Consultants need a variety of products and tools to jumpstart their business and get it growing strong. This business order provides sufficient products to have flexibility with the various reach out methods you might use to build your business (group presentations, 1-on-1 presentations, samples) and a wide selection of products with which to Arbonize your Home. It not only gets you into qualification for District Manager but gets you well on your way towards achieving that goal right from the start. It is recommended for those who want to get their businesses growing quickly.
