# Live Well, Age Well

The true secret to aging well is living well. While our new AgeWell secret starts with the latest advances in skincare science and research, it's predicated on a holistic approach to living a well-balanced life. That includes eating healthy nutrients that nourish your skin from the inside, clocking in plenty of sleep, managing stress, connecting with people and nature, being active – and most importantly – approaching life with a positive and optimistic mindset.

# AGEWELL HERO INGREDIENTS

- Bakuchiol, a plant-based retinol alternative, helps to reduce the look of facial wrinkles
- Sustainable Plant Stem Cell Extract helps to improve the appearance of skin radiance, elasticity, firmness, and texture by conditioning the skin
- Stabilized Vitamin C supports collagen through moisturization

“Bakuchiol is a naturally derived ingredient that's great as a highly effective, yet more gentle approach, than retinol in improving the appearances of photoaging.” — Dr. Raja Sivamani

# HEALTHY-LOOKING SKIN STARTS FROM WITHIN

The skin is the body's largest organ so it needs to be nourished from the inside with beneficial nutrition and cared for on the outside with effective skincare.

**“Beautiful and healthy skin starts with a healthy, inside-out approach in addition to using high-quality products on your skin. Eating, sleeping and moving right are what make the differences for lasting health so that we age well instead of simply aging.”**
