

Clear Future

A complete system to help keep skin clear and reduce and prevent acne pimples.

Anatomy of Skin

- TOP LAYER:EPIDERMIS
- Barrier layer including dead skin cells that need to be cleaned and exfoliated
- MIDDLE LAYER:DERMIS
- Where the sebum is produced
- BOTTOM LAYER:SUBCUTANEOUS
Where collagen and elastin are produced- Thank you RE 9!

What is Healthy Skin?

Healthy skin is balanced, smooth, clear and glowing, with controlled oil production and small, even, unclogged pores. Supporting healthy, balanced skin starts with better understanding the needs, function and regulation of the **skin's ecosystem.**

What is Acne?

In a **healthy-skin ecosystem**, dead skin cells rise to the skin's surface to be shed. When the skin produces excess sebum or oil, dead skin cells can stick together and become trapped inside the pores.

These trapped cells clog the pores, and acne begins to appear.

What is Acne?

Bacteria known as Propionibacterium acnes (P. acnes) live on the skin's surface, and can sometimes get inside a clogged pore.

The oily, or sebaceous, glands of the head, neck, chest or back secrete a mixture of lipids, called sebum, which is dominated by the Propionibacterium species, including P. acnes.

What is Acne?

A clogged pore can become inflamed and red when *P. acnes* get inside it, which can trigger acne pimple formation.

Keeping the skin's ecosystem in balance, including sebum production and *P. acnes*, can help minimize and prevent future acne formation.

Clear Future

- Helps balance the skin's eco-system through preventing pathogen growth, controlling sebum and promoting cell turnover- all while promoting the good flora- to help clear or maintain healthy looking skin.
- Aside from common acne ingredients like salicylic acid, this line harnesses the power of a unique pre-biotic that balances the skin's eco-flora. It also contains a unique "Teflon-like" ingredient to prevent harmful acne from sticking and causing inflammation.

Points of Difference

A unique combination of natural botanicals, proven acne fighting ingredients, and anti-bacterial properties give acne-prone skin everything it needs.

Science	Benefit	Botanical	Benefit
Salicylic Acid	Potent exfoliant known for its antibacterial properties	White Willow (<i>Salix alba</i>) Bark	Boosts exfoliation to reveal a fresh layer of skin
Alpha-glucan oligosaccharide	Derived from bio-fermentation and natural sugars, helps mattify and moisturize skin	Sage (<i>Salvia officinalis</i>) Leaf Extract	Skin conditioner; calms and soothes
Exopolysaccharide	Derived from marine algae, helps mattify skin and control sebum by absorbing it at the skin's surface	Witch Hazel (<i>Hamamelis virginiana</i>)	Skin conditioner; cleanses
Naturally derived polysaccharide, rhamnose, glucose, glucuronic acid	Derived from bio-fermentation and natural sugars, protects the skin's moisture barrier		

Platform: Continuous Healthy Skin Support

The final formula doesn't just kill bacteria and strip the skin, but it works with the good bacteria that already exists on the skin, to balance the skin's ecosystem now and into the future. It prevents pathogen growth, controls sebum, promotes both cell turnover and the good flora:

We get rid of the bad guys, and make more of the good guys!

Unifying Skincare and Nutrition For Clear, Balanced Skin

“With our increasing understanding of the role of the intestinal health and inflammation, we are beginning to understand the gut-skin connection and the role of probiotics in maintaining health and great-looking skin.”

- Nora Zorich, M.D., Ph.D.,
Arbonne Scientific Advisory Board Chair

U.S. National Vice President Forum 2015

- Intensive Acne Spot Treatment
- Soothing Overnight Mask

The Clear Future Story : A Five Product Set

Step One

Clear Future® Deep Pore Acne Cleanser

What It Is

- Gentle, daily facial cleanser

Key Ingredients & Benefits

- Cleanses the skin, removes excess oil
- Removes dead skin cells and impurities to help promote cellular turnover
- Regulates sebum
- **Active Ingredient:** salicylic acid 0.5%
- **Key Ingredients:** white willow bark, sage extract, witch hazel

U.S. National Vice President Forum 2015

Deep Pore Acne Cleanser

How to Use

Morning and evening, apply to damp face, massaging in circular motions while concentrating on areas of congestion and oiliness. Avoid eye area. Rinse thoroughly with warm water and pat dry. Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor. If bothersome dryness or peeling occurs, reduce application to once a day or every other day.

Step Two

Clear Future[®] Corrective Acne Treatment Pads

What It Is

- Daily-use surface bacteria wipes

Key Ingredients & Benefits

- Exfoliates dead skin cells and wipes away surface bacteria
- Clears pores while removing oil to prevent new blemishes from forming
- Provides extra pore-tightening and clarifying benefits when used after cleansing
- **Active Ingredient:** salicylic acid 0.5%
- **Key Ingredients:** white willow bark, witch hazel, polysaccharide

U.S. National Vice President Forum 2015

Corrective Acne Treatment Pads

How to Use

Cleanse the skin thoroughly before applying this product. Apply presoaked pad to entire face or cover the entire affected area with a thin layer one to three times daily. Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor. If bothersome dryness or peeling occurs, reduce application to once a day or every other day.

Step Three

Clear Future® Mattifying Acne Treatment Lotion

What It Is

- Lightweight, non-oily treatment lotion that adds moisture without shine

Key Ingredients & Benefits

- Dries and clears acne blemishes
- Absorbs oil while soothing and preventing dryness
- Can layer SPF product over treatment lotion for sun protection
- **Active Ingredient:** salicylic acid 0.5%
- **Key Ingredients:** white willow bark, polysaccharide, exopolysaccharide

U.S. National Vice President Forum 2015

Mattifying Acne Treatment Lotion

How to Use

Cleanse skin thoroughly before applying this product. Cover the entire affected area with a thin layer one to three times daily. Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor. If bothersome dryness or peeling occurs, reduce application to once a day or every other day.

Step Four

Clear Future® Intensive Acne Spot Treatment

What It Is

- Targeted treatment for acne-causing bacteria and existing blemishes

Key Ingredients & Benefits

- Dries up acne blemishes
- Improved the appearance of skin tone
- Exfoliates and reveals a new layer of skin without over-drying
- **Active Ingredient:** salicylic acid 2%
- **Key Ingredients:** polysaccharide, exopolysaccharide, white willow bark

Intensive Acne Spot Treatment

How to Use

Cleanse skin thoroughly before applying this product. Cover the entire affected area with a thin layer one to three times daily. Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor. If bothersome dryness or peeling occurs, reduce application to once a day or every other day.

Step Five

Clear Future® Soothing Overnight Mask

What It Is

- Ultra lightweight mask that soothes and hydrates skin overnight

Key Ingredients & Benefits

- Repairs and balances skin overnight
- Calms, soothes and hydrates skin
- Minimizes redness to reveal improved skin tone and healthier-looking complexion
- **Key Ingredients:** exopolysaccharide, polysaccharide, witch hazel

U.S. National Vice President Forum 2015

Soothing Overnight Mask

How to Use

Apply evenly over clean face. Wait until completely dry and go to sleep. Rinse thoroughly in the morning and continue with daily Clear Future acne regimen. Apply two to three times a week or as often as needed.

The screenshot shows a web browser displaying the Arbonne website. The address bar shows the URL: www.arbonne.com/discoverca/products/clear-future.shtml. The page features a navigation menu with categories: SKINCARE, BATH & BODY, COSMETICS, NUTRITION, HOLIDAY, and INGREDIENT GUIDE. The main content area includes a video player showing Arbonne Clear Future products. Below the video, the text reads: "Clear Future. Leave your acne behind and prevent new acne pimples from forming with Clear Future acne products, powered by acne-fighting salicylic acid and specific botanicals carefully selected to help calm and soothe skin. Decrease the appearance of pore size, improve hydration and skin clarity. With Clear Future, acne doesn't stand a chance."

A testimonial section features a quote from Luke Huntington, an Arbonne Independent Consultant and Regional Vice President: "When I used the Clear Future Corrective Acne Treatment Pads, I felt like I was getting the dirt and grime out of my skin. This gave me confidence the product would give me the results I wanted."

Below the testimonial, two statistics are presented: "After just 3 Days, 38% showed a reduction in acne pimples." and "After 4 Weeks, 91% said they would recommend Clear Future to their friends and family." A note states: "*Results based on a clinical study of 30 participants." A "MORE RESULTS" button is located below the statistics.

The "Clear Future Collection" section lists the following products: Deep Pore Acne Cleanser, Corrective Acne Treatment Pads, Mattifying Acne Treatment Lotion, Intensive Acne Spot Treatment, and Soothing Overnight Mask. A "SHOP NOW" button is positioned at the bottom of this section.
