## CONNECTION POST

WELCOME to Amity's Arbonne Party!! This is my beautiful family: My hubby Brian, my son Baer, and my threenager Piper. These three are the reason I do Arbonne. When I started Arbonne I was a full time teacher with multiple part time jobs, struggling to make ends meet. 5 months into my Arbonne business I was able to match my full time income working part time with Arbonne... right about the same time I was laid off from my full time job. I took that as a sign! My mission is to put these kiddos through college without debt, and retire my husband in time for HIM to have some fun! My PASSION is empowering others to build a fabulous business and life, and to pamper my clients like the queens they are!

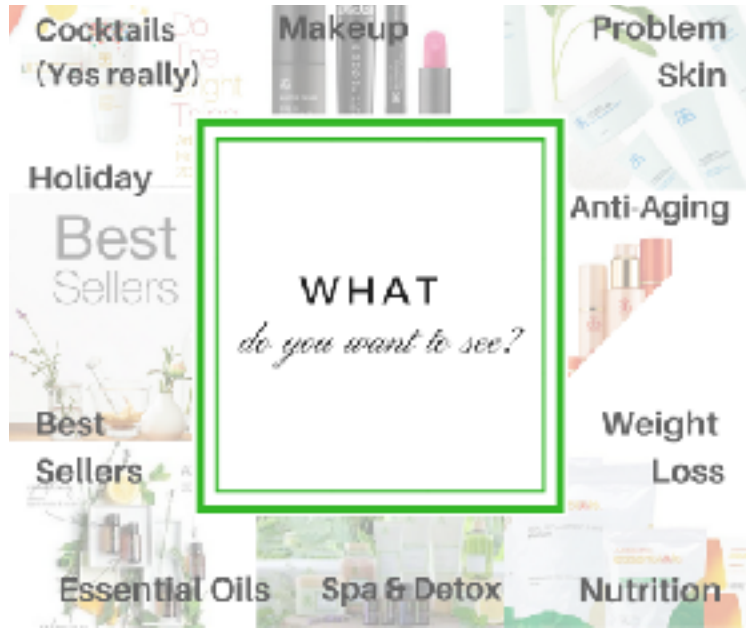

We are SO excited to share the latest and greatest Arbonne products with you! Thanks so much Amity for giving us the chance to talk Makeup talk... and to have FUN! 😊❤️

## **ADD VALUE WITHOUT MENTIONING ARBONNE**

Do you wash your makeup brushes? If not... we need to talk. No you don't need to buy anything for that! No you don't need a special product. My recommendation? BABY SHAMPOO or a GENTLE FACE WASH! At LEAST once per week wash your makeup brushes by hand with warm water and a drop of baby shampoo. Yep.. I really did just say once per week I am so sorry. I KNOW. It has be MONTHS right? Never? Oh dear. THAT is a lot of bacteria! Did you know that you should replace your mascara once per month and your other eye makeup every 3 months? Yes... especially for the sensitive eye area we have to be careful not to let bacteria find a way in. Sooooo.... yep. Sorry 'bout that I will post a pic of a hot guy to make up for it.

**POST Morning of - a recorded or live video with you and your kids, family, significant other, pet, or you doing your “passion” (art, music, sport) and give your 3 minute story.** *(It is important to break up the information and connection you want to share into small bite sized chunks... attention span on social media is very short. Be real, be you... perfection is boring. Include the questions at the beginning of the “Is Arbonne for You” document. Mention that if anyone is curious about making an income with Arbonne you will send info. Follow up is critical. later ask every guest if they are open to hearing more...)*
